VI. ALUMNI — GEOGRAPHICAL

UNITED STATES INCLUDING DEPENDENCIES

Set forth below are the names of Alumni with known addresses arranged according to political boundaries existing as at January 1, 1961. For comparative data illustrating the numbers of Alumni residing in the several states and foreign countries at various times over the 40-year period 1920–60—that is, in the years 1955, 1948, 1940, 1935, 1930, 1925, and 1920 when editions of the Register were published—see section "VII. STATISTICAL SUMMARIES."

VII. STATISTICAL SUMMARIES

During 1959-60, total student registration was 6,270, and the 653 members of the Faculty together with other Officers of Instruction and Administration composed a total Staff of 2,010. Thus, during 1959-60, there were 9.6 and 3.1 students, respectively, per Faculty member and Staff member. During 1865-66, the Institute's first complete academic year, the corresponding figures were: 72, 10, 11, 7.2, and 6.6

Degrees conferred in February and June 1960 totalled 1,487, divided as follows: Bachelors, 733; Masters, 540; Advanced Engineering, 71; and Doctorates, 143. The Institute's first graduating Class of 1868 included 14 candidates who received the degree of Bachelor of Science with specification of Course taken.

Yearly averages for the data cited above are given below:

						DEGREES CONFERRED

(a) During 1949–54 total of 301 Advanced Engineering degrees.

(b) During 1886–94 total of 4 Masters degrees.

As of January 1, 1961, there were 51,979 living and 14,688 deceased Alumni carried on the membership rolls of the Association, thus making a total Alumni body of 66,667—or 1.7 times greater than in 1940 just before World War II and 4.5 times what is was when the 1915 edition of the REGISTER was issued on the eve of the Institute's removal from Boston to Cambridge. The ALUMNI-GEOGRAPHICAL section of the present REGISTER lists 49,886 Alumni with current addresses, compared with 29,918 and 11,608, respectively, in 1940 and 1915.

The tables appearing on this page and those which follow are based upon corresponding data from each of the eight editions of the REGISTER issued between 1920 and 1961, thus illustrating the "population trends" of M.I.T. Alumni over a span of 41 years.

(Showing in parentheses rank among countries having 1% or more of total)

(NOTE: Alumni are classified according to residence within political boundaries existing as of December 1, 1960. For examples: alumni residing in Newfoundland in 1948 and previously are classified under Canada of which Newfoundland became a province in 1949; and alumni residing in the Philippines since 1920 are classified as "foreign" although the Philippines did not become independent until 1946)
